Summer School on **Arithmetic and Dynamics**

Bogotá, 10-15 July 2017

The school will take place at Universidad de Los Andes in Bogotá, from **July 10th to 15th, 2017**. It will include **two public lectures**.

The mini-courses will be aimed at graduate and advanced undergraduate mathematics students interested in the area **at the intersection of arithmetic and dynamics**.

The school will consist of two courses: **Geometry and dynamics & Number theory**, with **8 hours of common-core syllabus** and **2 x 7.5 hours of specialized lectures**.

Lecturers

- **Pierre Colmez**
CNRS & Université Paris 6
- **Etienne Ghys**
CNRS & ENS Lyon
- **Andrés Sambarino**
CNRS & Université Paris 6
- **Benoît Stroh**
Université Paris 6

Organizing committee

- **Alexander Cardona**
Universidad de Los Andes
- **María Carrizosa**
Université de Lyon 1
- **Guillermo Mantilla-Soler**
Universidad de Los Andes
- **Vincent Pilloni**
CNRS & ENS Lyon
- **Florent Schaffhauser**
Universidad de Los Andes

This event is open to all interested mathematicians, independently of national or ethnic origins, religious convictions, or other personal life situations.
